

## Drum Cradle

**The "Tap Trapper"**

Avoid the danger and hassle associated with hoisting drums full of fuel or chemicals into a horizontal dispensing position. Engineered to achieve the minimum leverage necessary to quickly and safely tilt over a 55 gallon drum. Sump slides freely into position. Just roll over and slide sump under.

Heavy Duty Drum Cradle

No hoist required!

Part #	Description
IT-1000	1 steel cradle, 1 handle, and 1 poly sump
IT-W500	Wheel kit: set of 2 wheels, locking pin for handle
IT-F500	Cradle frame only, steel drum cradle and handle

Specifications	Frame	Poly Sump
Dimensions	42" L x 42" W x 17" H	58" L x 34 1/2" W x 12"H
Weight	Combined Weight: 67 lbs.	
Load Bearing Capacity UDL	800 lbs.	
Sump Capacity	75 Gallons
