

Job Hut

If easy access, cost efficiency and a large storage area are what you need, Job Hut is your answer. We've designed the Job Hut to act just like an extension to your building. It's big. It's safe. It's easy to use. And it's cost effective!

An extra large storage area lets you store up to eight 55-gallon drums right on their pallets! Its low profile design allows for easy access. And it's forkliftable from all sides for effortless handling.

How safe and secure is the Job Hut? Tough polyethylene construction means it won't rust or corrode, while UV inhibitors make it extra durable for outdoor use. A large 75-gallon sump capacity eliminates the risk of spills or leaks, and structural foam grates remove for easy cleaning. What's more, molded-in vents reduce fumes and condensation inside, while heavy-duty hinges and lock keep contents secure.

The Job Hut offers substantial savings when compared to similar metal or concrete storage buildings, while providing superior performance. Job Hut's optional multi-purpose ramp facilitates loading your drums into the unit. Safe, secure, and cost-effective. What more could you ask for in an outdoor secondary containment unit?

Extra wide 56" x 78" doorway allows for easy forklift entry. Stores up to eight 55-gallon drums right on their 4" pallets.

Tie-down feature for secure anchorage.

Structural foam grates remove for easy cleaning.

Outdoor storage has never been so practical... or so affordable!

- 100% polyethylene with UV inhibitors for increased durability
- Three removable structural foam grates hold 8,000 lbs. UDL weight
- Low profile design allows for easy access
- 4-way forkliftable design for ease in handling
- Two heavy-duty, double-walled doors for added security
- Built-in 75 gallon sump capacity

Multi Purpose Work Ramp

Make loading drums a cinch with the Multi-Purpose Work Ramp. Lightweight and easy to handle, it attaches to the Job Hut in seconds. Improved non-skid surface eliminates risk of slipping. Features a 10° slope for easy loading.
