

Spill Scoot

Optional metal T-handle (Prod. # 5206-BK) available

Inexpensive Mobile Dispensing

Dispensing drums while transporting them around the plant is no longer a problem thanks to our Spill Scoot. The Spill Scoot provides secondary containment for incidental spills and drips which often occur during vertical dispensing applications.

Incidental spills and drips are contained in the well, with a spout for easy draining. The Spill Scoot fits all drums up to 55 gallons. Made of 100% polyethylene, the Spill Scoot will not rust or corrode.

Built-in bung holder fitting
