

Steel Drum Funnel

- 13" deep sidewalls protect against splashing
- Constructed of Steel, chip resistant powder-coat finish
- Lid locks down onto funnel. Keep dirt and rain out!
- Lockable latches to prevent misuse

**13 1/4" Tall Steel Funnel**

The safe, clean way to pour liquid into storage drums. Drum funnel screws into standard 2" drum bung opening; will not come off or leak (with lid latched), even if drum tips over. Helps you comply with EPA's Subpart CC - drum closure regs. (40CFR 264.1086 (c) (1) (ii) (1998); also prevents VOC emissions from escaping.
