

## 2, 4, 6, &amp; 8 Drum Workstations

There's no need to worry about incidental spills on your factory floor. Our Workstations are the easiest to load with low profile design and optional ramp.

One-piece construction optimizes space for increased durability, safety, and efficiency. With ample sump capacity in each Workstation, this secondary containment product is perfect for a customized work area. Our rolled-edge design helps resist cracking and warpage.

- Tough polyethylene construction, cannot rust or corrode.
- Low-profile Workstations actually become part of your factory floor, optimizing space for increased safety and efficiency. Make drum loading a snap.
- Large sump capacity catches incidental spills.
- Multipurpose Work Ramp hooks onto any Workstation for easy loading.
- Heavy-duty removable structural foam grates for easy cleaning.

## MULTI-PURPOSE WORK RAMP

Makes your job even easier.

For ease in loading, just hook the Multi-Purpose Work Ramp onto any of our Workstations. It attaches easily, and is small enough to stay out of your way.

## LINK-LOCK

Securely hooks multiple Workstations together.

Need more work space? We've designed a pallet Link-Lock accessory that allows you to link and lock multiple Workstations together in a wide variety of configurations. Sold in pairs, Link-Locks are made of 100% polyethylene so they cannot rust or corrode. Add Link-Locks to combine multiple Workstations for even greater floor-space efficiency.
