Containment Tub

The Containment Tub is designed for the widely used 550 gallon skid tank (also 150 gal, 300 gal skid and elevated tanks). This product safely protects against discarding the slightest amount of hazardous liquid on and into the ground. The one piece, high density polyethylene weighs 120 lbs. The dimensions are 58"W x 98"L x 26"H. A standard 2" fitting is housed at bottom of end wall for drainage.
