

Drain Plugs & Covers

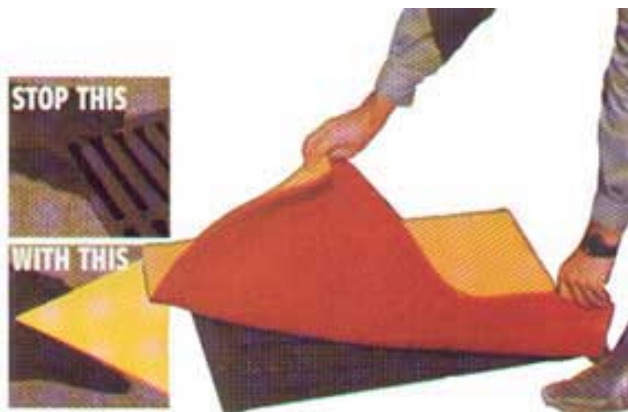

**Drain Plugs**

Ideal for Emergencies & Routine Maintenance

Stop spills before they reach the sewer. Avoid the costly cleanup fees. Chemically resistant polyurethane plugs form a tight seal in 2" through 4" circular drains. Eye bolts make handling easy and mess free.

Drain Covers

Stop spills before they enter your drains and the sewer! Heavy, chemical resistant, flexible polyurethane cover can be quickly deployed to stop spills before they reach the drains. Forms a leak tight seal on most surfaces to block out oil and most chemical spills from your drain. Choose a size that overlaps your drain by at least 3" on all sides. Can be custom cut to your specifications. Easily stored, transported and handled. Cleans easily with soap and water between uses.

Part No.	Description
CP-2000	2" Conical plug - Wt. 1.5 lbs. Polyurethane
CP-3000	3" Conical plug - Wt. 2 lbs. Polyurethane
CP-4000	4" Conical plug - Wt. 3 lbs. Polyurethane
CP-6000	6" Conical plug - Wt. 4.5 lbs. Polyurethane
CP-3PKT	2", 3", 4" Conical plugs, storage case Wt. 8 lbs.

Part No.	Description
DP-1900	18" Drain Protector - polyurethane, 8 lbs.
DP-2400	24" Drain Protector - polyurethane, 13 lbs.
DP-3600	35" Drain Protector - polyurethane, 29 lbs.
DP-4800	48" Drain Protector - polyurethane, 51 lbs.
